

## **HCBS RULE 3 RESTRICTED AREAS**

Common areas of the home, including the kitchen, are available to all residents.

The areas that are accessible to residents are clean, safe, sanitary and in good repair at all times for the safety and well-being of residents, employees and visitors. This includes areas such as tool sheds, unfinished garages, and other areas that either pose a tripping hazard or other danger to residents and visitors.

### **STORAGE AREA**

Disinfectants, cleaning solutions, poisons, firearms and other items that could pose a danger if readily available to clients shall be stored where inaccessible to clients. Which means areas where these items are stored are off limits to residents and will be clearly marked as "Staff Only".

### **BEDROOM**

The bedrooms of other residents are private and residents need permission to enter other residents' bedrooms.
